

WORK-BASED LEARNING

Find Your Fit in the World of Work

**Gain real experience and skills to get ahead
in your career while you're still in school!**

Try out workplaces and build your network with employers across careers.

Connect classroom learning with hands-on experience.

Build real-world employability and technical skills.

Earn college credit and credentials that matter for your career path.

Have more options for employment before and after graduation.

Use the Career Clusters[®] Framework to discover careers and design your learning.

**Talk about your options with a
teacher or school counselor today!**
